IMPROVEMENTS ENHANCE SUNDAY RIVER SKIWAY

A list of improvements in ski trails and facilities has been announced by Sunday River Skiway. Most noticeable has been bulldozing and grooming trails, making them skiable with a minimum of snow cover. The ski area's access road has been paved, and its parking lot enlarged to accommodate an additional 100 cars. Inside the new ski lodge, extensive remodeling has created a more spacious and comfortable interior with entirely new cafe facilities. In addition, the shop has been completely rebuilt, effectively doubling the space devoted to equipment and clothing.

Of interest to season ticket holders is the cooperative plan with the neighboring Mt. Abram area, which allows skiers the flexibility of using either area prior to January 1 and after March 15, 1967 with the same ticket.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

Tax payments for the month of October, 1966, were less than payments for the month of October 1965. Payments for 1965 were \$17,000.00 and payments of 1966 were \$26,000.00. Total payments for this year are still \$10,000.00 ahead of 1965. The total through October of this year were \$30,900.00 while payments were only \$78,000.00 for the same period in 1965. I expect that November will be much better than October. Many pay their tax bills with dividends on savings accounts and Christmas Clubs. Of course December will again be the biggest month. I would like to remind everyone that interest of 1 1/2% per month will be charged on taxes that are not paid before the end of the year.

The final cost figures for the Town Road Improvement job this year are available. The total length of the two jobs is one and one-tenth miles. The total cost of the projects was \$3,550.00. The cost of construction is just under \$1.65 per foot. I will agree that the roads are not superhighways but I believe they are very adequate for the areas they serve. It seems like a real good buy for the price.

I would again like to urge all persons to register to vote who are not registered. Then you should vote next Tuesday.

The overnight parking ban for the winter went into effect Nov. 1. The ordinance states that there shall be no overnight parking on any street or other town way from Nov. 1 to April 1. Where there is a hardship involved special arrangements are made until the first snow storm. After the first snow storm, the ordinance is strictly enforced. The ordinance is a very necessary one and I believe a great majority of the municipalities in the state have a similar ordinance.

EARTH SLIDE ON ROUTE 2 IN GILEAD TODAY

It was reported that on earth slide blocked U.S. Route 2 in Gilead late this Thursday morning. The slide occurred near the "ledges" between the Mason Farm and Harry Taylor's. A crew from the State Highway Dept. cleared the route for traffic. A steady rain of the past two days is believed to have loosened the banking on the south side of the road.

Schools of SAD 44 closed at noon this Thursday because of hazardous conditions and flooding on the bus route routes that have been caused by this week's rain.

REPUBLICAN CANDIDATE
QUESTIONS SHERIFF'S
FIGURES

In order to set the record straight with respect to the press release of the present sheriff, Edward Hibler of West Paris, Republican candidate for sheriff, would like to correct his statements in regard to the expenditures of County funds chargeable to the Sheriff's office.

His statement that the sum spent by his office in 1965, was \$2,000 is erroneous. Hibler stated The county treasurer's official records show an expenditure of \$3,328.33 for the investigative branch plus \$23,197.44 for the personnel cost of his office; for a total cost of \$26,525.77 as compared with the cost under the previous administration of \$50,895.27. This is an increase of \$24,369.50 over and above what was in 1964. If this increase the present Sheriff states that \$20,000.00 of the \$26,525.77 was spent for Capital improvements when in fact the records show \$9,289.60 having been spent for capital improvements out of the \$26,525.77 increase in spending by the present administration.

Hibler points out that if the present Sheriff is so badly in error with respect to these matters of public records then it must of necessity leave his other statements open to question with respect to their accuracy.

Hibler states that in his opinion the failure to solve many of the major crimes in the county should not be passed off as "belonging to another department". It should be of primary importance to the sheriff's department to solve all crimes and not just pass the buck to some other agency when they remain unsolved.

Hibler states that a major weakness of the Sheriff's depart-

BARRACKS AUXILIARY
INSTALLS

Barracks Auxiliary No. 2943 met at the Legion Hall, Nov. 1, for their regular meeting. The meeting was preceded by a pot luck supper. A sunshine basket for a shut-in member is in the making for Thanksgiving. Articles can be left with the VAVS chairman. Following the business meeting the gavel was turned over to the installing officers, Maxelle Crawford, Frances Maxim, Bell Lavorgna, all of South Paris.

The officers were as follows: President, Agnes Chase; Senior Vice President, Leona Lurvey; Junior Vice President, Isabella Croteau; Secretary, Olive Head; Treasurer, Selma Chapman; Historian, Marjorie Cummings; Publicist, Blanche Howe; Conductress, Rose Taylor; Chaplain, Iola Forbes; VAVS, Adeline Dexter; Guard, Nellie Cummings.

The Past President's pin was presented Marjorie Cummings. It was stated that the District meeting of W. W. P. No. 3 will meet with the local Barracks Sunday, Nov. 13.

A Christmas party will be held Dec. 6, following the regular meeting Marjorie Cummings and Isabella Croteau are the Christmas committee.

ment is the lack of supervision that is exercised by the present Sheriff in criminal investigation matters with the resultant high rate of vandalism and crime that exists in the county at the present time.

In the opinion of Hibler, another weakness is the lack of administrative supervision that has resulted in the Sheriff's office cost soaring upward to over a 73% increase in cost over and above what was spent in the previous year.

UNICEF DRIVE A SUCCESS

Fourteen Bethel young people conducted the Trick or Treat for UNICEF on Sunday evening, Oct. 30, with a net proceed of \$52.13. Joining with the Junior Youth Fellowship, three members of the Gould FFA helped with the canvassing.

The money received from the drive will actually provide much more for children in undeveloped nations than the same amount of money would in the United States National Surpluses, which are often provided free by the government, need only to have transportation and distribution costs provided for them to help children in other lands \$1 will provide enough BCG vaccine to protect 100 children from tuberculosis. One cent will provide a child five glasses of milk, and \$5 will provide ten cups of milk for 250 children. \$10 will provide penicillin to cure 400 children from yaws, a crippling and contagious disease. \$50 will provide enough equipment for a small mother and child clinic.

Others in the community who may not have been home for the UNICEF drive who wish to contribute to this cause are asked to send their checks or money orders to U. S. Committee for UNICEF, P. O. Box 1704, Church Street Station, New York, New York 10008.

Participating in the drive were: Merrill Butters, Liza Farrar, Merry Robertson, Terri Roy, Denise Berry, Cindy Tiff, Susan Davis, Doreen Tibbets, Stuart Sweetser, Dean Walker, Christine Greenleaf, Beverly York as secretary of the FFA, Cheryl Stevens and Janis Kennagh also FFA members.

METHODIST PROGRAM
SURVEY TO BE
COMPLETED FRIDAY

The Program Building Committee for the Every Member Visitation Program has been sending representatives to all the organizations of the Bethel Methodist Church during the past month to survey the desires of the whole church with regard to elements for the new church program for 1967. On Friday, Nov. 4, the committee members, under the leadership of Stanley Brown, chairman, will meet to analyze and draw together survey results. The meeting is scheduled for 7 p. m. in the church annex.

This year the emphasis has been on study programs and study groups for the involvement of the whole congregation. When visit-

ors present the new program to the congregation through home visitation on Nov. 13, the commitments will be sought with the use of a pledge card. The pledge card will contain a listing of opportunities for involvement in the life of the church. No monetary pledges will be sought during this program. Persons will be asked to commit themselves to study groups, work projects, worship opportunities, and other program areas with a specific commitment.

LETTER TO THE EDITOR

Bethel, Maine
 Nov. 2 1966

After the successful passage of the S. A. D. 44 School Bond Issue Referendum, last May, the Educational Advisory Committee of 197 was automatically disbanded, having been organized to function only until that time.

This committee, for all that it may have appeared superfluous to some, had a very unique distinction from some organizations known by a variety of names, but frequently incorporating such words, as "citizens for better education."

In the community from which I moved some years ago, with some sense of fulfillment I joined such a group. Unlike the EAC of 197, the other groups are not working and growing as partners with the School Directors, but often spring up to close the door "after the horse is stolen." They can only antagonize because of their previous apathy when their concern could have been helpful.

Let us hope that we don't have to have either type of group—we all have too many "organizations"—but we do have a responsibility to the children of our District. As individuals, it seems not unreasonable for each to attend at least one meeting of the Board of Directors during the year, and observe.

Observe what the issues are which become Board problems. Study the participation of your Directors in their solution. If you go away feeling that such a Director seemed too quiet, and you wonder if that person is functioning, go again. If you reach any idea by then of the Director's ability, contact the Standing Committee to which he, or she, belongs. Is the person a "contributor" or not? I am not writing this to cast any aspersions about anybody's qualifications. But the process of tracking down such an investigation may, incidentally, bring the detective to a little closer appreciation of the many ramifications of a Director's job than there are seventeen directors

on the S. A. D. 44 Board. They were not elected for life tenure. In March, Bethel will elect two Directors. Andover, Greenwood, and Woodstock, one each. After the arduous period through which the persons now in those five offices have served, some may not wish to be re-elected. Maybe your town should inform itself as just whether, or not, they should. An on the spot, self-information check is each person's best method of deciding.

As a reporter, covering the meetings of the Directors, during the first year of the District's life, I came to respect the sincerity with which these people work. I also appreciated their feeling of need for contact for the people they represent.

On Wednesday evening, Nov. 2, I had the opportunity to attend a Special Meeting of the Board, and welcomed the occasion, as a regular commitment on Monday evenings makes it impossible for me to get to the usual Monday night meetings.

How did I know about this meeting? Through reading news releases. This medium of keeping in touch with the Board of Directors

20 SECONDS WITH THE NAZARENE

God could have kept Daniel out of the lion's den... He could have kept Paul and Silas out of jail—He could have kept the three Hebrew children out of the fiery furnace... But God has never promised to keep us out of hard places... What He has promised is to go with us through every hard place, and to bring us through victoriously.

rectors of S.A.D. 44 is aided by the administrative offices of the District. Unless their system has changed since their own period of newspaper work, the office with newspaper affiliates, or representatives, a notice of each meeting and the agenda for each, just as it does to each Director. Following the meetings, the minutes of each meeting are mailed to the newspaper personnel at the same time as they are to the Directors. Reporters are so welcomed to be present at the sessions to observe the interaction which leads to the voting and increase their comprehension of activities. The representatives of the Maine "dailies" distributed locally, try to be present, when possible, and to report as accurately and as completely as possible.

There is still no substitute for getting down there yourself every fifth meeting in some body's home town, and seeing meetings usually land in Bethel. It is my opinion that only daily attention to school affairs can make our school system where each child really can get the opportunities he needs.

Very sincerely,
 Mrs. Natalie Timberlake

LAST WEEK AT THE U. OF M.

The cost of grocery shopping is higher in Bangor, than in Boston, Mass. This has been determined in a study made by four graduate students in the College of Business Administration at the University of Maine and published in a Maine Agricultural Experiment Station Bulletin.

Using data compiled by the U. S. Bureau of Labor Statistics from nine large stores and 10 smaller stores, the survey notes that average weekly expenditures for comparable food items in Bangor were 104 per cent of the comparable figure in Boston. However, Bangor showed a lower expenditure for meat, particularly beef and veal.

The survey also noted that the per capita income for Bangor was \$2,765 less per year than in Massachusetts.

Some 21 high schools and 225 students attended a debate workshop Friday, Oct. 29, at the campus of the University of Maine. A panel discussion was held on this year's high school debate topic. An exhibition display was held on the college program. Resolved: That the U. S. should substantially reduce its foreign policy commitments.

Students attended from Bangor, Bingham, Bucksport, Ellsworth, Farmington, Houlton, Lewiston, Madison, Old Town, Presque Isle, Waterville, Brewer, and others. John Hapst, Mayor of Bangor, and a group of high school students from Bangor, Bingham, Bucksport, Ellsworth, Farmington, Houlton, Lewiston, Madison, Old Town, Presque Isle, Waterville, Brewer, and others.

The Bangor University Team has received the distinguished award of the National Association of Extension Home Economists for her work with the University of Maine Extension Service in York County for the past 11 years. The award was

presented to Mrs. F. Grant of Acton by the distinguished executive officer of the National Association of Extension Home Economists for her work with the University of Maine Extension Service in York County for the past 11 years. The award was

MOLLYCKETT STRIKES AGAIN

Once more Mollyckett came into notice as she played hostess to over 75 young people last Friday evening at Andover. The fair Indian lady conducted the young people from the East Andover Congregational Church and the Church of the Open Bible on a two-hour tour beginning in a haunted house, proceeding through the cemetery where the Mollyckett grave is located, along a narrow country lane thoroughly populated with some "ghostly beings" and ending at another graveyard at which some tales of horror were related. At this spot Rev. Nathaniel Pearson, minister of the East Andover Congregational Church, presented a short devotional message. After this refreshments were enjoyed by all at the Andover town hall.

It was pointed out by "Mollyckett" Mrs. Nathaniel Pearson, that on the grave stone of the real Mollyckett is recorded the interesting fact that the famous Indian maiden died at over one hundred years of age "in the Christian faith."

Appreciation is extended to the young people and adults whose much planning and labor made the Halloween party a delightfully horrible success.

Dr. Leslie G. Moeller, director of the University of Iowa's School of Journalism and visiting lecturer at the University of Maine Journalism Department for the week of Oct. 24-29, told newsmen gathered at a dinner session Friday night, Oct. 29, that the average citizen's expressed record on freedom or freedom of the press "has not been cheering."

"The average citizen gives the strong impression of not bothering much with this sort of thing," Moeller told newsmen as he wound up his lecturing session at the Orono campus.

David Boudry, son of Mr. and Mrs. George W. Boudry, 36 Gilman St., Waterville, who is president of the Maine Junior Classical League, is now planning for an executive committee meeting to be held in Waterville, the tentative date set is Nov. 19. David attended the National Convention of the Junior Classical League representation Maine last August at Western Kentucky University in Bowling Green, Ky. He is president of the local chapter of the Junior Classical League at Gould Academy.

Leonaia "During the two-day session, the clerical work forces of each District were trained in new procedures of accounting, procurement and office management techniques," said Forest Supervisor Wheeler.

Frankie Clements, Administrative Officer of the Forest, and members of the staff were in charge of the training. Guest instructors from the Eastern Region headquarters in Milwaukee, Wis., included Mrs. Betty Jane Peterson, Employee Specialist, and Bethel.

MAGALLOWAY

Mrs. Bessie Harvey, Cor. —

The residents of this community were greatly shocked and saddened by the Elliot tragedy at Upton as this family had lived in Magalloway several years and were well liked and respected. The children have moved to Massachusetts to live with an aunt, a sister of their mother. The funeral and burial were at Raymond, N. H., her former home.

A Halloween party for both the Magalloway and Wilson's Mills schools was held at the Wilson's Mills town hall.

Claude Linnell has returned to his home in Colebrook after a lengthy stay in the Mary Hitchcock Hospital in Hanover. His health is much better.

Mr. and Mrs. Dean Howard of Colebrook have closed their restaurant there for a week and are at their camp in Magalloway "The Horner's Nest" for a few days hunting.

Mrs. Elizabeth Vaughn returned from Hastings, Mich., Sunday by plane. Her husband, Fay, met her at Boston. Their new granddaughter's name is Fay Elizabeth Bean.

SUNDAY RIVER

Mrs. R. M. Fleet, Corres. —

Well, I guess I was not on my job over last week end as two bears were taken out of Ketchum Sunday, October 23.

A flock of wild geese hung around the valley most of Tuesday. It apparently had lost its leader and were choosing another for they were very noisy and were not in formation. About four o'clock the children watched three take over and the flock soon took off over the ski hill.

Leon Wilson was in Ketchum Tuesday.

Albert Buck was in town recently.

Mr. and Mrs. Estes Yates and son, Russell, were in Belgrade and Wayne Friday visiting relatives and friends.

Mrs. Barbara Yates was in Norway to see a doctor and seems to be gaining nicely.

Mrs. Mary Morin, Jean and Peggy Morin, called on Mrs. Barbara Yates Saturday.

Mr. and Mrs. R. M. Fleet were supper guests Saturday evening of Mr. and Mrs. Angelo Onofrio at Bethel.

Roy Bennett and R. M. Fleet are getting the new town truck acquainted with the road before snow gets here.

Our first snow came down off the mountains Saturday evening. It was very light and soon completely disappeared when Mr. Sun got his eye on it. A very few flakes are hidden in places.

R. M. Fleet helped Asher Runnels with a little repairing before the winter gets too close.

Some of the Barnes family have been at Camp Nut-Horn and repaired a few things.

Now standard time has returned. Halloween tonight and the deer hunting season will finish our fall days.

Mrs. Nettie Spinney returned from the Rumford Community.

GOULD SCORES 14-6 WIN OVER MEXICO SATURDAY

An alert Gould Academy defense came up with a vital interception and four fumbles to preserve a 13-6 win over ever-threatening Mexico High in a Mountain Valley Conference football clash at Gould last Saturday.

It was the third triumph for the Huskies in seven starts while the Pintos were clipped with their sixth setback in eight outings.

A fumble, recovered on the Mexico 14, set up the only score of the first half. Co-captain Harlan Bear recovered the loose pigskin and Bob Seamann skinned left end for the score from seven yards out. George Nickerson's placement split the uprights to make it 7-0 at intermission.

The Pintos got back in the game by marching 56 yards for a tally in the third period. Steve Bouthot registered the six points from two yards back.

Gould came right back to score on a 65-yard pass play from quarterback Bob Remington to Nickerson.

Hospital last week and can get about some with a walker.

Mrs. Esther Williamson is helping Mr. and Mrs. Bill Spinney days for a while.

Mr. and Mrs. R. C. Foster's house looks very nice after the paint job by Cecil Conrad.

A horse trailer from Sunset Farm, Bethel, and two unidentified horse trailers were in town Sunday. Two of the horses were very pretty.

With leleles on the rose bush, two strawberries were picked October 30.
